SUPPORTING NEW WRITERS

DISCOVERIES IS A UNIQUE WRITER DEVELOPMENT PROGRAMME FOR UNPUBLISHED AND UNAGENTED WOMEN WRITERS FROM THE UK AND IRELAND.

FIND OUT MORE

The 2027 Women's Prize Discoveries programme is now open for entries, and we are looking for exciting and original new voices in fiction.

The programme is completely free to enter, and offers a range of development opportunities for successful entrants including joining a supportive writing community, creative writing courses, mentoring sessions, and a £5,000 bursary and offer of literary representation for the winner.

Don't worry if you haven't done much writing before – our judges are looking for promise, over polish – and you only need to write up to 10,000 words of your novel to enter.

Since its first year, Discoveries alumni have gone on to receive representation from agents, write chart-topping audiobooks and secure publishing deals – with 11 novels published to date, and many more to come.

So, what are you waiting for?
